

## VOLUME ARRIVAL OF THE NEW SAAB GRAN TURISMO

SAAB Motors, Inc., American subsidiary of the Swedish aircraft and automobile company, announces that the first large scale shipment of the new SAAB Granturismo 750 automobile will arrive in Boston on the M/S Mongolia on or about August 5th. The Granturismo 750 made its world debut at the International Automobile Show in New York in April. Since then two small shipments of these cars have arrived but the M/S Mongolia shipment marks the beginning of a regular and substantial flow. The Granturismo 750 has been designed as a high performance car suitable for either racing or long distance touring. It is available with or without a tuning kit, FOB Boston, the price being \$2568, plus \$148 if the tuning kit, consisting of dual carburetors, special manifold and exhaust system is desired.
